

BevRight™ Natural Liquid Cane Sugar Technical Data Sheet

The BevRight Food Grade Liquid Sugar is a 67.5 Brix sucrose solution. It is medium straw to golden color for use in beverage applications where a slight color of liquid sugar is acceptable.

Applications:

BevRight liquid cane sugar is a natural, GMO-free cane sugar, with less impact on the environment than more refined liquid cane products. It is best suited for beverage applications like sweet tea, coffee drinks, soft drinks, lemonades, juices, frozen beverages, bag-in-box concentrates, fermented cane applications (kombucha, kefir), brewers sugar brew base (or as an additional fermentable in beer), ready to drink cocktails, and other distilled beverage applications.

General Requirements:

This food-grade product is manufactured in accordance with current Good Manufacturing Practices and complies with the Federal Food Drug and Cosmetic Act and all other FDA regulations as well as any applicable state statutes and regulations.
